

BOZETO DE EXOPTO

ROSÉ WINE
2020

Just like Bozeto Tinto, our rosé is a wine in which fruit and freshness predominate. Made from Garnacha and Tempranillo grapes from two plots located in the villages of Ábalos and San Vicente de la Sonsierra at an altitude of more than 500 meters, this wine aims to express the fruit of Garnacha and the complexity of Tempranillo. A wine of pleasure, refreshing and alive in line with the other products in the range.

VINTAGE

Although the 2020 vintage can be described as warm and Mediterranean because of the high temperatures it has known throughout the campaign, rainfall was also abundant especially in spring with rains spread every 7 days. These weather conditions generated very significant mildew pressure with production losses of up to 40%. The dry and hot summer finale generated a noticeable drop in acidity that forced us to harvest early to hold the phenolic balance of the wines.

TIPO DE VINO

Dry Red

GRAPES VARIETIES

Garnacha (50%), Tempranillo (50%)

VINEYARDS

- Los Pozos – San Vicente de la Sonsierra – Planted in 1970 – Limestone and Clay

HARVEST

- 17 September 2020
- By hand in 15 Kg cases

WINEMAKING

- Direct Press
- Fermentation at low temperatura in stainless steel tanks (15° C)

AGEING

- Stainless Steel (70%), 600 liters french oak barrels (30%)
- 4 months on lees

PACKAGING
